

Be confident and job ready with the key skills employers want.

In what ways are you accountable to yourself and others?

Here are a few things to think about:

- ▶ Being accountable affects how other people see us and how we see ourselves.
- ▶ Accountability starts with being accountable to yourself and your values. Think about what values are important to you and what it means to be accountable to them.
- ▶ To be accountable to others, you have to know what they expect from you. Don't hesitate to ask questions and listen carefully to the answers. It shows you care!
- ▶ Don't be discouraged by mistakes. Own up to them and use them as learning opportunities.
